

Mini's Camp Feedback 2021

Mini's orienteering camp 2021 at Maroon Dam Outdoor Education Centre was a great, few days! We took off on Saturday morning with an invigorating stroll to the start of the first coaching session and contour event at "Bright View". It was a beautiful Autumn morning with many eager, young orienteers. After lunch, we met to sprint around Boonah State High School. The heavens opened up briefly, but a fun relay ensued with lots of cheering, friendly rivalry, and teamwork. Sunday morning was spent at the camp. Young orienteers learnt about contour lines, spurs, gullies and much more. Sunday afternoon and Monday morning we all headed to the nearby Cotswold for a bush relay. Night-time activities involved much learning about orienteering and much spotlight, bullrush, soccer and football. Mini orienteers and families benefited greatly from Marion's wisdom of all things orienteering, having fun in the great outdoors, forming new friendships, and catching up with old ones. For parents, it was a pleasure to observe our children learn, not only about this great sport, but develop skills that will serve them throughout their life. Many, many thanks to Marion and Phil Burrill for their dedication in preparing a well thought out program, and a thoroughly enjoyable orienteering experience!

Everyone seemed to have a great time! And learnt lots of wonderful skills!

Thank you again for a fantastic weekend. _____ had a great time despite the knee injury, and Cotswold was certainly a great way to end the weekend.

Thanks so much – the kids had so much fun. They haven't stopped talking about it since!

Thanks so much for a GREAT weekend!

_____ had so much fun and we so appreciate everything that you did to make it a wonderful weekend.

_____ came away with lots of new friends and she knows what she needs to work on to make improvements too.

Just wanted to pass on our heartfelt thanks for another amazing Mini's Camp, we all benefit so much from the 3 days with you and fellow orienteers!

Kids came away from DD trials today with big smiles on their faces, very happy orienteers! Hopefully using all your teachings.

Thanks again for all the effort you both put in.
