Notes: Out of the 69 PRGT-eligible countries 68 use the LIC DSA. DSAs for these countries are jointly produced with the World Bank. One country (Eritrea) has not published any DSA. One (St. Lucia) currently uses the MAC SR DSF.

One non-PRGT eligible country (Guyana) uses the LIC DSA.

^{1/} As of February 29, 2024 and based on the most recently published data, 9 countries are in debt distress, 25 countries are at high risk, 26 countries are at moderate risk, and 7 countries are at low risk of debt distress. One country (Eritrea) does not have the latest DSA.

^{2/} Debt sustainability assessment is performed only for countries at high risk or in-debt distress.

^{3/} May reflect usual lags in the publication. Includes DSAs presented to the Executive Board on lapse of time basis.

^{4/} PRGT-eligible IDA-blend countries.

^{5/} Due to non-de minimis unresolved arrears to external creditors.

^{6/} Country is in a debt restructuring process.
